EXHIBITOR'S RISK ASSESSMENT PROFORMA

(*Not to be used by companies employing 5 or more people)

ACTIVITY	HAZARD INVOLVED	INITIAL RISK RATING			ACTIONS TAKEN TO REDUCE RISK (Control Measures)	REVISED RISK RATING		
		Likelihood x	Severity =	Rating		Likelihood x	Severity =	Rating
Example: Public visiting stand & accessing specified hazard	Access to LPG, generator & cooking equipment	2	3	6	Bottles & Generator chained. Suitable barriers & warning signs in position	1	3	3

Notes for Completion of Risk Assessment (Risk Assessors must be competent to make their judgement by virtue of their knowledge, experience and training relating to the activities being assessed).

Likelihood (of occurrence)

Severity (of probable injury)

Rating Action Bands

1. Very Unlikely
2. Unlikely
3. Likely
4. Most Likely

1. Trivial Injury
2. Slight Injury
3. Serious Injury
4. Major Injury or Death

- | | |
|----------------------|---|
| 1 & 2 Minimal Risk | - Satisfactory |
| 3 & 4 Low Risk | - Review Actions to see if possible to lower risk |
| 6 & 8 Medium Risk | - Further Action to be taken to reduce risk |
| 9, 12 & 16 High Risk | - Considerable Action to be taken to reduce risk |

To establish Risk Rating multiply "Likelihood" by "Severity". Identify the appropriate Rating Action Band and take action as indicated.

Revised Risk Ratings greater than 4 are not acceptable and an Exhibitor will not be allowed to attend the event.

***Do not use this proforma if your core business employs 5 or more people. Instead, send a copy of your company safety policy and relevant Risk Assessments.**
